RE: SAV-ON Cost Reduction

To whom it may concern:

On behalf of SAV-ON Waste Solutions, I am writing to recommend their consulting services associated with refuse and recycling disposal. Property Managers LLC operates many commercial properties and we have been very impressed with the results thus far. SAV-ON has reviewed/audited 5 locations and significantly reduced costs at 4 of the 5 locations. Cost reductions have ranged from 43% to 85%, with an average savings of 62% overall.

Not only did we receive significant cost savings, but our restructured hauling agreements will protect our pricing for years to come. SAV-ON's laser focus and expertise in the industry was essential to the successes, it's clear they understand market rates, trends, fluctuating fees, and billing errors.

We look forward to working with SAV-ON in the future.
